TUESDAY MARCH 04, 2025—3:15PM TO 4:30PM
IN-PERSON AND ONLINE (VIA ZOOM)
AGENDA**

1.0 CALL TO ORDER and INDIGENOUS LANDS ACKNOWLEDGMENT

The District of Wells is located in the shared ancestral territories of the Lhtako Dene Nation, a shared territory also with Dakelh (Carrier) and Secwépemc (Shuswap) Peoples. Several nations have history and territory in the area, including Lhatko, Nazko, Lhoosk'uz, Ulkatcho, ?Esdilagh, Xat'sūll, Simpcw, and Lheidli. Evidence of early indigenous settlement in the region dates back over 10,000 years.

P057—UBCM Housing Strategy Revision Plan Update Completed

District of Wells
Interim Housing Needs Report

2024

P057—UBCM Housing Strategy Revision Plan Update Completed

Interim Housing Needs Report
DISTRICT OF WELLS

1. INTRODUCTION

Provincial Guidelines

This interim report outlines a targeted update of the Housing Needs Report (HNR) for the District of Wells. This interim report integrates data from the Statistics Canada Census 2021, BC Stats, and BC Assessment. This update will ensure that the District meets its Provincial Housing Needs Report requirements and has a critical tool to help address the current housing needs in the community.

In 2023, the Province of BC announced changes to the Local Government Act requiring municipalities to prepare Interim Housing Needs Reports by January 1, 2025, which must include:

- The number of housing units required to meet current and anticipated need for the next five and 20 years, as calculated using the HNR Method provided in the Regulation;
- A statement about the need for housing near transportation infrastructure that supports walking, bicycling, public transit, or other alternative forms of transportation; and
- A description of the actions taken by the local government since receiving the most recent HNR to reduce housing needs.

By the end of 2025, the District of Wells is also required to review and update its Official Community Plan (OCP) and Zoning Bylaw (*currently underway*) to ensure there is enough capacity to accommodate the housing need identified in this Interim HNR.

Interim Housing Needs Update

This interim housing needs report is divided into five sections:

- 1 **Housing Actions to Date** – This section outlines the actions taken by the local government since receiving the most recent HNR to reduce housing needs.
- 2 **Housing Needs: 2021-2041** – This section outlines the number of housing units required to meet current and anticipated needs for the next five and 20 years, as calculated using the HNR Method.
- 3 **Key Areas of Local Need** – This section outlines the District's updated statements of need, including a new statement of need related to housing near transit and active transportation infrastructure. Additional data supporting the key housing statements can be found in **Appendix A**.
- 4 **Additional Housing Challenges** – This section outlines external factors that may influence the housing need and demand that may not be fully captured by this Interim update.
- 5 **Recommendations & Next Steps** – This section outlines how the District intends to continue its efforts to address the housing needs identified in this Interim Housing Report.

FEB. 4, 2025

Dear District of Wells Mayor and Council,

This past week of American tariff threats, coupled with a 2 week cold snap, has made me think again about the idea of a self-sufficient food program in Wells. I have been pondering this for awhile, and in talking to others, I hear that there may be grants available for a program like this.

Please understand, I have not researched this extensively at all, but this just seems like a timely idea for the district to consider. With empty unused buildings in this town, (for example the curling rink, and the legion) is it feasible for the district to purchase one of these buildings, and with a grant, transform it into a hydroponic, year-round produce growing centre, so that Wells is no longer reliant on the stores in Quesnel? We now know that a washed out bridge is all that needs to happen to cut us off from those stores. We also now know that the unrest south of the border can create huge upheaval in what will be available in those Quesnel stores. At a time of climate crisis, eating locally produced food is one of the most carbon reducing things we can do. Food for thought.

I ask that you please place this letter on the next Council meeting agenda. I am happy to speak further to it, although I don't believe I have much more to add.

Sincerely,
Donna Williams (she/her)

JOB POSTING
DISTRICT OF WELLS COMMUNITY LIAISON (CARIBOO GOLD PROJECT)

Located in one of the most spectacularly beautiful regions in British Columbia, the District of Wells (the “District”) is seeking a Community Liaison to act as the District’s principal day-to-day liaison with Osisko Development Corporation (ODV) on all matters pertaining to the Cariboo Gold project. This will encompass the various phases of the project including community consultation, permitting, construction, operation and reclamation. This position will be managed by the District, with the primary objective being to provide the District with additional in-house resource capacity, specialized knowledge and technical expertise on matters related to the project and its impacts on both the District and its citizenry.

Reporting to the District’s Chief Administrative Officer, this position will be responsible for reviewing, on an ongoing basis pursuant to required statutory and project deadlines, all documentation prepared and provided by ODV, B.C. Provincial Ministries, the Province’s Environmental Assessment Office (EAO), and other external parties relating to the Cariboo Gold project. This will entail regular, timely written reporting to the District with a synopsis of the project documentation including any recommendations related thereto, for consideration by the District’s Municipal Council, Select Advisory Committees and staff. The Community Liaison will be expected to actively engage with community residents of the District with respect to the specific project documentation and information noted above, and provide feedback to the District and ODV with respect to such engagement, including concerns, impacts or issues raised by the community at large and individual citizens. The Liaison will also be required to participate in all public information sessions provided by ODV, the District, Provincial Ministries and the EAO regarding the project, and reporting accordingly.

The ideal candidate will have a university degree, professional certification or diploma from a recognized post-secondary institution in an occupational field related to the principal job responsibilities and accountabilities for this position, augmented by training and experience that demonstrate a sufficient degree of technical knowledge in select areas considered pertinent to the project; Experience in project management involving community and external third party engagement, ideally in a transitioning rural resource based work environment, would also be an additional asset. Well-developed public communication skills, including the ability to summarize technical documents for a lay audience, will be critical for this role.

This is an external contract position for an indefinite term commencing as early as November 2024, but no later than January 2025, and the District is prepared to offer a competitive salary starting at \$85,000 and, commensurate with knowledge and experience. Interested applicants are invited to submit a letter of interest and resume, before 2024 October 30 to:

Jerry Dombowsky, Chief Administrative Officer
District of Wells
Phone: (250)-991-1155
Email: jerrydombowsky@wells.ca

District of Wells—Strategic Priorities Projects Tracking Grid
Version 7.0—2024 11 19

Overview

In June of 2022, the Municipal Affairs--Province of BC provided a Municipal Advisor, Gary Nason, to support the District of Wells with support to review Operations and Governance of the District of Wells. Out of that process, this Project Tracking Grid has been created and will be maintained and reported on at Regular Council meetings going forward.

Categories

Categories 1 to 3 were created to help place priority levels on projects and make clear what projects are ongoing and closed/completed. The following information clarifies each category:

Category 1: “Best efforts made to complete the project in 2024.”, or continue active work on the project if the project is multi-year and will carry-over to 2025 or beyond. (i.e. Major infrastructure or building upgrades largely dependent on external grant funding.)

Category 2: Subject to sufficient budgetary/grant funds and staffing capacity, commence project in 2024, with no commitment to complete the project in 2024 and carry forward to 2025 if appropriate.

Category 3: Reconsider dependent upon potential external grant availability and/or sufficient internal staff and budgetary capacity. Defer the project to at least 2025, or later in the remainder of the Council mandate—2024 to 2026

Appendix A: Completed Projects

Appendix B—P044 Series: Operations Projects

The following pages show the “Grid” of Projects for the District of Wells is organized in the Categories outlined above. Each Project has its own electronic and paper-based folder/file that holds all the details on all the Project.
