Councillor Lewis expressed **concerns** about impact on viewscape and natural aesthetics that the **4-foot fencing** at Jack Of Clubs Lake to protect public from contaminated soil on the shore will have. Councillor Lewis is also concerned that the fence will emphasize the industrial nature of that entryway into town with the mine over on that side too. She noted that this will be more lines that are not natural.

Councillor Funk questioned why the sewer lines have to be dug up. **Mayor Coleman** noted that there is an extensive report as well as many hours of video showing the condition of all the sewer lines, which were put in the ground at various times, leaving no choice but to dig it all up and fix it. The cost is for \$9M which is part of the \$26-31M from the Province. **CAO Dombowsky** explained in depth how sewer systems work and what the camera exercise was looking at: detritus flow in the system; settling of the manholes; connections to the sewer lines; breaks and gaps; potentials for blockage or leakage. The CAO noted that replacing the sewer lines would, in theory, save the District a lot of money because we would not need to clear lines, flush lines, pump lines. This would also protect us as a community, moving forward.

number of film presentations that have recently shown. This is community building. It is a social event which is particularly important to the fabric of community. Again, kudos to you two for putting these films on and making the community stronger.

- **Councillor Trotter-Wanner** added that community building could include such things as a weeding workshop or a fertilizing workshop at the community garden; canning workshops; community potlucks; cooking classes. **Mayor Coleman** noted that P105-Food Security, is a home for Councillor Trotter-Wanner's suggestions.

7.3 Public Gallery-

- Kathy Landry- inquired when Sugarcane will be shown at the Sunset. Councillor Van Stralen responded- the weekend after next. Ms. Landry told the 1970 story of the sewer lines being installed by the CRD but as it got colder the job was abandoned and huge dirt mounds were left all over town. The Wells Improvement District took over and quickly finished the job as there was already snow falling. This haste, noted Ms. Landry, may explain why there are some wavy pipes. She also noted that replacing the sewer lines was long past due.
- Carrie Johnston-confirmed that the public can speak with any agency that is present at the April 9th Emergency Management Meeting.
-confirmed that there is an Emergency Management Committee working on a draft
-extremely upset regarding the idea of a fence going up at the Jack of Clubs Lake and testified to the historical safe use of the lake by her family, including eating the fish that were caught there. **Mayor Coleman** clarified that water testing shows lake water is safe; concern is about disturbing arsenic in shoreline soil and noted that the final decision on the fence requires consensus between Contaminated Sites Branch, Liability Insurance and Council. **An agreement was made to hold a separate meeting to discuss alternative solutions.**
-Ms. Johnston noted that the cooking and sharing of food in the past was community building and she would like to help with that.
- Elyssia Sasaki – Come see the kids' movies on Friday night at 7pm. Thank you to all the businesses who were so generous and accommodating with the movie course kids shooting in their places. It is one of the things that makes Wells so special and unique.
-Ms. Sasaki also inquired about **Grants-in-Aid** from the District this year. **CAO Dombowsky** responded that that he is not at liberty to say right now but they will be working on it in the near future.

**DISTRICT OF WELLS REGULAR COUNCIL MEETING
TUESDAY APRIL 08, 2025—3:15PM TO 4:30PM
IN-PERSON AND ONLINE (VIA ZOOM)

- Carrie Chard- inquired if the Q & A at the April 9th meeting will be about going forward as opposed to what occurred last year. Mayor Coleman confirmed that it was about the future and the public could talk one-on-one with whichever agency they chose. The public will also fill out feedback forms to turn in. Anything that is public domain will be collated , brought to Council , then posted for the public.
 - discussed the Charter page with the Mayor to confirm the plan.
 - question is do we have a plan for the consultation to agree on this project? Ms. Chard is looking forward to a discussion with the District of Wells.

District of Wells—Strategic Priorities Projects Tracking Grid
Version 7.0—2024 11 19

Overview

In June of 2022, the Municipal Affairs--Province of BC provided a Municipal Advisor, Gary Nason, to support the District of Wells with support to review Operations and Governance of the District of Wells. Out of that process, this Project Tracking Grid has been created and will be maintained and reported on at Regular Council meetings going forward.

Categories

Categories 1 to 3 were created to help place priority levels on projects and make clear what projects are ongoing and closed/completed. The following information clarifies each category:

Category 1: “Best efforts made to complete the project in 2024.”, or continue active work on the project if the project is multi-year and will carry-over to 2025 or beyond. (i.e. Major infrastructure or building upgrades largely dependent on external grant funding.)

Category 2: Subject to sufficient budgetary/grant funds and staffing capacity, commence project in 2024, with no commitment to complete the project in 2024 and carry forward to 2025 if appropriate.

Category 3: Reconsider dependent upon potential external grant availability and/or sufficient internal staff and budgetary capacity. Defer the project to at least 2025, or later in the remainder of the Council mandate—2024 to 2026

Appendix A: Completed Projects

Appendix B—P044 Series: Operations Projects

The following pages show the “Grid” of Projects for the District of Wells is organized in the Categories outlined above. Each Project has its own electronic and paper-based folder/file that holds all the details on all the Project.
