1.0 CALL TO ORDER and INDIGENOUS LANDS ACKNOWLEDGMENT

The District of Wells is located in the shared ancestral territories of the Lhtako Dene Nation, a shared territory also with Dakelh (Carrier) and Secwépemc (Shuswap) Peoples. Several nations have history and territory in the area, including Lhatko, Nazko, Lhoosk'uz, Ulkatcho, ?Esdilagh, Xats'ull, Simpcw, and Lheidli. Evidence of early indigenous settlement in the region dates back over 10,000 years.

Stated Twice--This meeting will be recorded with Zoom and published for public viewing; being part of the recording implies your consent.

1.1 Call to Order and Agenda for the Regular Council meeting of Tuesday January 09, 2024, 7:00pm

1.2 Recommendation/s: THAT Council approves to call the meeting to order (date and time).

November 9, 2023

Their Worship Ed Coleman
Mayor of the District Municipality of Wells
Email: edcoleman@wells.ca

Dear Mayor Ed Coleman:

RE: New legislation to support local government housing initiatives

Over the past week, I have introduced several pieces of legislation to support local governments to get more homes built faster while enabling updated and new tools to effectively fund the costs of infrastructure and amenities to support increased housing supply and growth. Taken together, these changes are critical to getting more of the right kind of housing built in the right places to provide homes for British Columbians.

Last week, I introduced Bill 44, to support communities to deliver the homes people need quickly by allowing small-scale multi-unit housing across BC. These homes, including townhomes, triplexes, and secondary suites, can generally be built in a reasonable timeframe and blend more seamlessly into neighbourhoods. The legislation will apply to many areas of the province, and we anticipate it will allow up to 4 units in single-detached and duplex zones (or 3 depending on the size/type of lot) and up to 6 units permitted in single-detached and duplex zones close to bus stops with frequent service. It will also allow secondary suites or an accessory dwelling unit on single-detached lots throughout BC.

Bill 44 will also speed up the approvals process by moving away from spot zoning to ensure more comprehensive upfront planning and zoning to meet current and future housing needs. The changes include using a robust, standard methodology for calculating long-term housing needs for all Housing Needs Reports to ensure consistency across the

Their Worship Ed Coleman
Page 2

province. Municipalities will also be required to update Official Community Plans (OCPs) and zoning bylaws to ensure their communities have sufficient land designated and zoned to meet long-term housing needs and continue to make these updates on a regular basis. The new legislation will also remove the option for local governments to hold public hearings for rezonings for housing projects consistent with OCPs.

Today, I announced new legislation, Bill 47, to support new housing to get built near high-frequency transit, and yesterday Bill 46, to ensure local governments have tools to collect amenity and infrastructure contributions outside of the re-zoning process.

Bill 47 will require local governments to designate areas near high frequency transit stations as 'TOD Areas.' TOD Areas are near SkyTrain stations and busy bus exchanges and are expected to be identified in 29 municipalities in BC. This is different from the 6-unit requirements in the small-scale multi-unit housing legislation which will focus on properties within 400 metres of bus stops with frequent service. TOD areas will include minimum levels of density, size, and dimension prescribed by regulation. Similar to implementing small-scale multi-unit housing requirements, local governments will have a comprehensive provincial policy manual to assist in making bylaw amendments consistent with the TOD legislation. Off-street parking spaces in TOD areas will be determined by the market; local governments will not be able to require off-street residential parking, other than spaces for other uses like commercial, spaces for disabled persons and loading spaces. These changes will help get more of the right kind of housing built in the right places to provide homes for British Columbians. A subsequent letter will notify the identified municipalities in December.

The new legislation will expand the scope of infrastructure for which Development Cost Charges (DCCs) can be collected to include fire protection facilities, police facilities, and solid waste facilities. It also allows local governments to collect DCCs for provincial highway infrastructure projects where there is a cost-sharing arrangement between the municipality and the Province.

The new Amenity Cost Charges (ACCs) tool will allow local governments to collect monetary and in-kind contributions for amenities (e.g., community centres, recreation centres, libraries) to support liveable communities in areas where new housing is going. This tool will provide certainty and transparency for local governments and developers.

**DISTRICT OF WELLS REGULAR COUNCIL MEETING
TUESDAY 2024 January 09, 7:00PM
IN-PERSON AND ONLINE (VIA ZOOM)
AGENDA**

Their Worship Ed Coleman
Page 3

We are aware that local governments require tools and supports to facilitate the delivery of affordable housing in their communities. We are currently exploring policy options and additional tools, including the potential for inclusionary zoning, and I look forward to sharing more about this in the coming months.

I know that the new housing initiatives announced over the past week will take work to implement and require additional resources for your local government to meet the requirements. We have committed to \$51 million in funding for local governments to support planning and capacity to meet these new requirements. The funding will be allocated based on population and the volume of work needed because there are different requirements for municipalities and regional governments. The funding will be distributed in early 2024.

The Province has also provided another \$10 million for a second intake of the Local Government Development Approvals Program (LGDAP), managed by the Union of B.C. Municipalities (UBCM). This funding is in addition to the \$1 billion provided to local governments through the Growing Communities Fund to support the delivery of infrastructure projects needed to support increasing density.

The Ministry of Housing is committed to working together and supporting every community as we move forward with new approaches and new ways to deliver the housing supply our province needs. In the coming weeks, we will be providing policy manuals detailing the site-level specifications for small-scale multi-unit housing and TOD areas. Further guidance will be coming in the new year to support implementation of the development finance tools and pro-active zoning requirements. Ministry of Housing staff will be in touch with your administration in the coming weeks to provide more detail about the changes and about funding and educational support and opportunities.

Sincerely,

Ravi Kahlon
Minister of Housing

December 21, 2023

Jerry Dombowsky
Chief Administrative Officer
District of Wells
Email: jerrydombowsky@wells.ca

Dear Jerry Dombowsky:

I am writing to notify you of the funding allocation for the District of Wells from the \$51 million capacity funding for local government implementation of the legislative changes to support housing initiatives, including small-scale multi-unit housing and proactive planning, development finance, and transit-oriented development.

The District of Wells will receive \$150,975 by the end of January 2024.

The funding formula reflects the different legislative requirements for municipalities and regional districts, and that smaller communities may need more financial assistance because they have fewer resources.

The funding formula includes a base amount and a per-capita amount (based on BC Stats 2023 estimates).

- For municipalities, the base amount is \$150,000, and the per-capita amount is \$4.39.
- For regional districts, the base amount is \$80,000 and the per capita amount is \$5.80.

This funding is intended to support activities or projects local governments must undertake to meet the new legislative requirements. Examples include updates to an existing zoning bylaw, parking bylaw, Official Community Plan (OCP), Official Development Plan (ODP), Development Cost Charge (DCC) bylaw, Development Cost Levy (DCL) or

Housing Needs Report (HNR), as well as the development of a new zoning bylaw, OCP, ODP, DCC, DCL or new amenity cost charge (ACC) bylaw. This funding can also be used to hire staff and/or consultants in support of these activities. More specific information on eligible projects, eligible project costs as well as the reporting requirements will be provided in the funding guidelines when the funding is distributed.

If you have any questions regarding the legislative changes or funding program, please contact Ministry of Housing staff at PLUM@gov.bc.ca or 250-387-3394.

DISTRICT OF WELLS PRESS RELEASE January 9, 2024

The District of Wells Council is pleased to announce Ms. Sarah Brown as its new Economic Development Officer and Chief Financial Officer. Ms. Brown will be joining the District of Wells full-time effective January 29th.

Council reviewed multiple applications for the position, formally interviewed two candidates, and arrived at Ms. Brown as the lead candidate in the process. Ms. Brown is a recent resident of Wells along with her husband Constable Cody Brown. Their interest in outdoor recreation and culture, and small-town life was a major factor in their move to Wells, and to Ms. Brown's interest in the position.

Ms. Brown has a unique background well suited to the EDO/CFO role in Wells; she obtained her undergrad in Tourism & Hospitality from Mount St. Vincent University in Halifax, and upcoming designation as a Certified Professional Accountant. Her work experience includes a variety of tourism roles including tour guiding and operations for Atlantic Tours and Travel. Ms. Brown joins us from West Fraser, where she worked in Corporate Accounting, and also spent a number of years working at two accounting firms, KPMG and MNP. Ms. Brown's experience in Government includes two years working in the BC Legislature.

Ms. Brown's commitment to the maintenance and betterment of Wells along with her enthusiasm for its recreational and cultural opportunities is certain to be of great benefit, and we welcome her addition to the Wells District team.

DISTRICT OF WELLS PRESS RELEASE January 9, 2024

The District of Wells Council is pleased to announce Mr. Tyler Doerksen as its new Facilities, Lands and Infrastructure Manager. Mr. Doerksen is joining the District of Wells full-time immediately.

Council reviewed 7 applications for the position, interviewed three candidates, and arrived at Mr. Doerksen as the lead candidate in the process. Since moving to Wells in 2007, Tyler has achieved his Red Seal Electrical certification and has started a Family with his Wife, Caroline Anders. The opportunity to work at home for the betterment of the town and area drew Tyler to this position.

Mr. Doerksen has spent the last 13 years as an electrician in a variety of sites including industrial, commercial and residential which included projects in mining, timber processing, metals processing and large-scale institutional construction as well as working in the forestry sector, and tourism nationally and internationally. He also has a background in recreation and the arts, bringing a unique combination of technical expertise and arts and culture to the role of Facilities, Lands and Infrastructure Management for the District. We welcome his addition to the District of Wells team.

*For more information contact Jerry Dombowsky, CAO at 250-991-1155 or

AGENDA

District of Wells—Strategic Priorities Projects Tracking Grid

Version 5.0—2024 01 06

Overview

In June of 2022, the Municipal Affairs--Province of BC provided a Municipal Advisor, Gary Nason, to support the District of Wells with support to review Operations and Governance of the District of Wells. Out of that process, this Project Tracking Grid has been created and will be maintained and reported on at Regular Council meetings going forward.

Project 044—Operations & Governance Improvement Plan will track & prioritize Council and Staff improvements for Operations & Governance. Council has identified several priority improvements for 2023 to 2025, primarily in communications, human resources practices, by-law priorities, green spaces planning, emergency preparedness, and other.

Categories

Categories 1 to 6 were created to help place priority levels on projects and make clear what projects are ongoing and closed/completed. The following information clarifies each category:

Category 1: “Best efforts made to complete the project in 2023.”, or continue active work on the project if the project is multi-year and will carry-over to 2024 or beyond. (i.e. Major infrastructure or building upgrades largely dependent on external grant funding.)

Category 2: Subject to sufficient budgetary/grant funds and staffing capacity, commence project in 2023, with no commitment to complete the project in 2023 and carry forward to 2024 if appropriate.

Category 3: Reconsider dependent upon potential external grant availability and/or sufficient internal staff and budgetary capacity. Defer the project to at least 2024 or later in the remainder of the Council mandate—2024 to 2026)

Category 4: Primary Operating Budget projects (sometime supplemented with grant funds or reserves) to be part of Annual Operations/Ongoing Core Activities.

Category 5: Project has been completed or transferred to another project.

Category 6: Project has been abandoned due to insufficient matching funds or lack of internal capacity to undertake at the time.

The following pages show the “Grid” of Projects for the District of Wells is organized in the Categories outlined above. Each Project has its own electronic and paper-based folder/file that holds all the details on all the Project.
