### District of Wells—Strategic Priorities Projects Tracking Grid

Version 6.0—2024 04 06

#### Overview

In June of 2022, the Municipal Affairs—Province of BC provided a Municipal Advisor, Gary Nason, to support the District of Wells with support to review Operations and Governance of the District of Wells. Out of that process, this Project Tracking Grid has been created and will be maintained and reported on at Regular Council meetings going forward.

#### Categories

Categories 1 to 3 were created to help place priority levels on projects and make clear what projects are ongoing and closed/completed. The following information clarifies each category:

**Category 1:** “Best efforts made to complete the project in 2024.”, or continue active work on the project if the project is multi-year and will carry-over to 2025 or beyond. (i.e. Major infrastructure or building upgrades largely dependent on external grant funding.)

**Category 2:** Subject to sufficient budgetary/grant funds and staffing capacity, commence project in 2024, with no commitment to complete the project in 2024 and carry forward to 2025 if appropriate.

**Category 3:** Reconsider dependent upon potential external grant availability and/or sufficient internal staff and budgetary capacity. Defer the project to at least 2025 or later in the remainder of the Council mandate—(2024 to 2026)

**Appendix A:** Completed Projects

**Appendix B—P044 Series:** Operations Projects

The following pages show the “Grid” of Projects for the District of Wells is organized in the Categories outlined above. Each Project has its own electronic and paper-based folder/file that holds all the details on all the Project.

### Indigenous Nations

Indigenous Nations have been established for millennia in the Cariboo and District of Wells areas. Unfortunately, one Indigenous Nation located at Bear/Bowron Lake & Area, was completely lost due to disease in the mid-1800s. Below is a list of identified Indigenous Nations in the Cariboo by the British Columbia Assembly of First Nations (BCAFN), *sourced from [www.bcafn.ca](http://www.bcafn.ca)* There were several additional Nations involved in the 1800s and early 1900s in the Trading and Mining Economies. The United Nations declaration on the Rights of Indigenous People (UNDRIP) helps guides relationship development with Indigenous Governments, Nations, and Peoples.

### Wells, BC and District of Wells Short History Timeline

Year	Item

### Wells, BC Short History Overview (1920s to 1930s)

*(Excerpts from Teachers' Resource Guide, Wells Historical Society.)*

Wells is named after Fred Marshall Wells. When Fred Marshall Wells came to the Barkerville area in the early 1920s, there was nothing at the future site of his town except a sawmill and a roadhouse that had been there since the 1890s. Wells, a prospector with experience all over Canada, formed the Cariboo Gold Quartz Mining Company in 1926 with W.R. Burnett to investigate a series of claims on Cow Mountain.

The Wells Townsite Company was incorporated in 1933. Burnett, Solibakke and Wells were directors; the balance of shares was held by Cariboo Gold Quartz. The objectives were to provide the necessary services for the town by clearing, laying out, and selling lots, providing water and electrical services, erecting houses for sale or lease, erecting a hospital, school, and community hall, and encouraging construction of churches, recreational facilities, hotels, stores, and other commercial establishments. It was clear from the beginning that the Townsite Company would encourage private enterprise to develop the commercial district.
